

OffTrackBetting.com Key Race Report 09/26/11

http://www.OffTrackBetting.com/key_race_report.html

The report is designed to augment your handicapping by easily pointing out one of the most successful angles in identifying potential live horses and value plays.

The report is organized by the Track & Race that horses coming out of key races are entered in

The report uses only key races, identified by a proprietary algorithm, in the past 90 days. You will not find this information anywhere else!

The report lists horses that have run back 1 time from the key race. The horse may have any variety of factors that may cause you to discount the first race back.

Column B =Indicates Last Race Track Bias

C = Closing

S = Speed

The Report indicates 4 levels of strength of the bias:

LowerCase = slight

LowerCase Bold = moderate

UpperCase = strong

UpperCase Bold = very strong

^=Horse ran against the bias in that race
